

Z ASTRAGAL - Double Egress Mounting**PURPOSE:**

Astragals are used to close the gap between pairs of doors. The astragal seals the opening from weather, light, and in some cases, sound. Security requirements dictate the appropriate application.

APPLICATION:

- Required on all three (3) Hour Rated Double Egress openings. Astragal must be ordered separately.
- This is a handed product; it has the same hand as the active leaf.
- The astragal is blank, with no hardware cutouts.
- Shipped loose for field attachment, with the sheet metal screws supplied.
- The astragal can be attached to either leaf as shown, as it does not impede operation.
 - Can be used on pairs of doors with Vertical Rod Exit devices on both leaves.
 - This astragal can also be used on 1-1/2 and 3/4 hour rated Double Egress openings although it is not required to meet the label requirements.
- This astragal can not be used on the active door leaf or inactive door leaf of a conventional pair of doors due to reverse forming and no hardware cutouts.

PRODUCT AVAILABILITY:

This product option is available for Steelcraft L, SL, B, T and CE Series doors. See the Fire Rated Products Section for application to Fire Rated doors.
